Remember, as an independent learner you should still be taking notes and keeping your work in an organised fashion. Don't stop exploring ideas and additional themes around the topics, just because you now have set tasks that will be submitted for assessment.

The purpose of these Bridging tasks is to spark your continued interest in the subject, develop your knowledge and prepare you for a flying start in September, enjoy them!

Note the submission dates and method for every subject.

Skills	Compulsory Tasks	Outcome	Assessment method	Submission date	Feedback form
<p>Reading</p>	<p>Research the role of scientist in society.</p>	<p>This will help you to understand the range of jobs that need science and how they benefit us.</p> <p>It will be useful when we start the unit 3 work so keep it safe!</p>	<p>Summary document</p> <p>Email your work to <a href="mailto:se@chosen-hill.gloucs.sch.uk">se@chosen-hill.gloucs.sch.uk</a></p>	<p><b>First lesson in September</b></p>	<p>Written and/or verbal feedback from your teacher</p>
<p>Internet Research</p> <p>Accurate writing</p> <p>Completing work by the deadline</p>	<p>Understanding mark schemes</p> <p>We want you to take on the role of a teacher and assess someone else's work. Read through the Biology and Physics mark schemes then read the work and decide if it is worth a pass, merit or distinction. Explain your thinking behind this.</p> <p>Then complete the chemistry tasks so that we can see your science skills.</p>	<p>Be able to understand a mark scheme to support you in creating quality coursework.</p> <p>Complete the questions, either in electronic form or print and use the sheet which you will find <a href="#">here</a></p>	<p>Questions to be completed on the linked sheet.</p>	<p><b>First lesson in September</b></p>	<p>Written and/or verbal feedback from your teacher</p>
