

23 April 2019

Dear Parent / Carer

The Geography Department is organising a trip to Dowdeswell Woods near Cheltenham on Friday 26 April. The purpose of the trip is to support students in their studies of the Earth's Life Support Systems unit, as well as enabling them to practice fieldwork data collection and analysis techniques that they will use in their own independent investigation which is worth 20% of their overall A Level grade.

The trip will leave school at 09:00 and return at 12:00. We will travel by minibus and students will work together in small groups supported by myself and Mr Weeks. Students will need to take note of the weather forecast before the trip and dress appropriately.

Please could I ask that the form below is completed as soon as possible and returned to Student Finance. If you have any questions please ask myself or Mr Weeks.

Yours faithfully,

Mr R Papper  
Head of Geography

Please return to Student Finance.

A Level Geography trip to Dowdeswell Woods, Cheltenham 26 April 2019

I agree that \_\_\_\_\_ (student name) of \_\_\_\_\_ (tutor group)  
may attend the trip to Dowdeswell Woods, Cheltenham on.
